Like to garden? Want a place to hang a hammock? You'll love spending breezy afternoons in your very large, private, fenced yard with deck, shared shed and separate, shared garden. Rarely does such a fine example of old world Provincetown appear in such a carefully and thoughtfully reimagined home. This 2 bedroom, two bath three level condominium is one half of a grand 1820's era stately home situated on a private lane close to the center of town. High ceilings, 19 large windows and 3 skylights combine for a remarkable quality of light throughout. Custom woodwork, gleaming painted flooring, exposed brick all combine to offer a rich Provincetown living experience. This very alluring historic home awaits its next steward to carry its legacy forward.
